

Welcome to Solid Technologies

# Discover Solid Technologies' Cutting-Edge Software Solutions

PORTFOLIO

## Translated Quran of the Two Holy Mosques

### Bringing the Holy Quran Closer to You

Solid Technologies developed the **Translated Quran of the Two Holy Mosques**, an electronic simulation of the Holy Quran designed to make it accessible to people worldwide. The app features the Quran in over 10 languages, providing an easy and smooth reading experience. Key functionalities include:

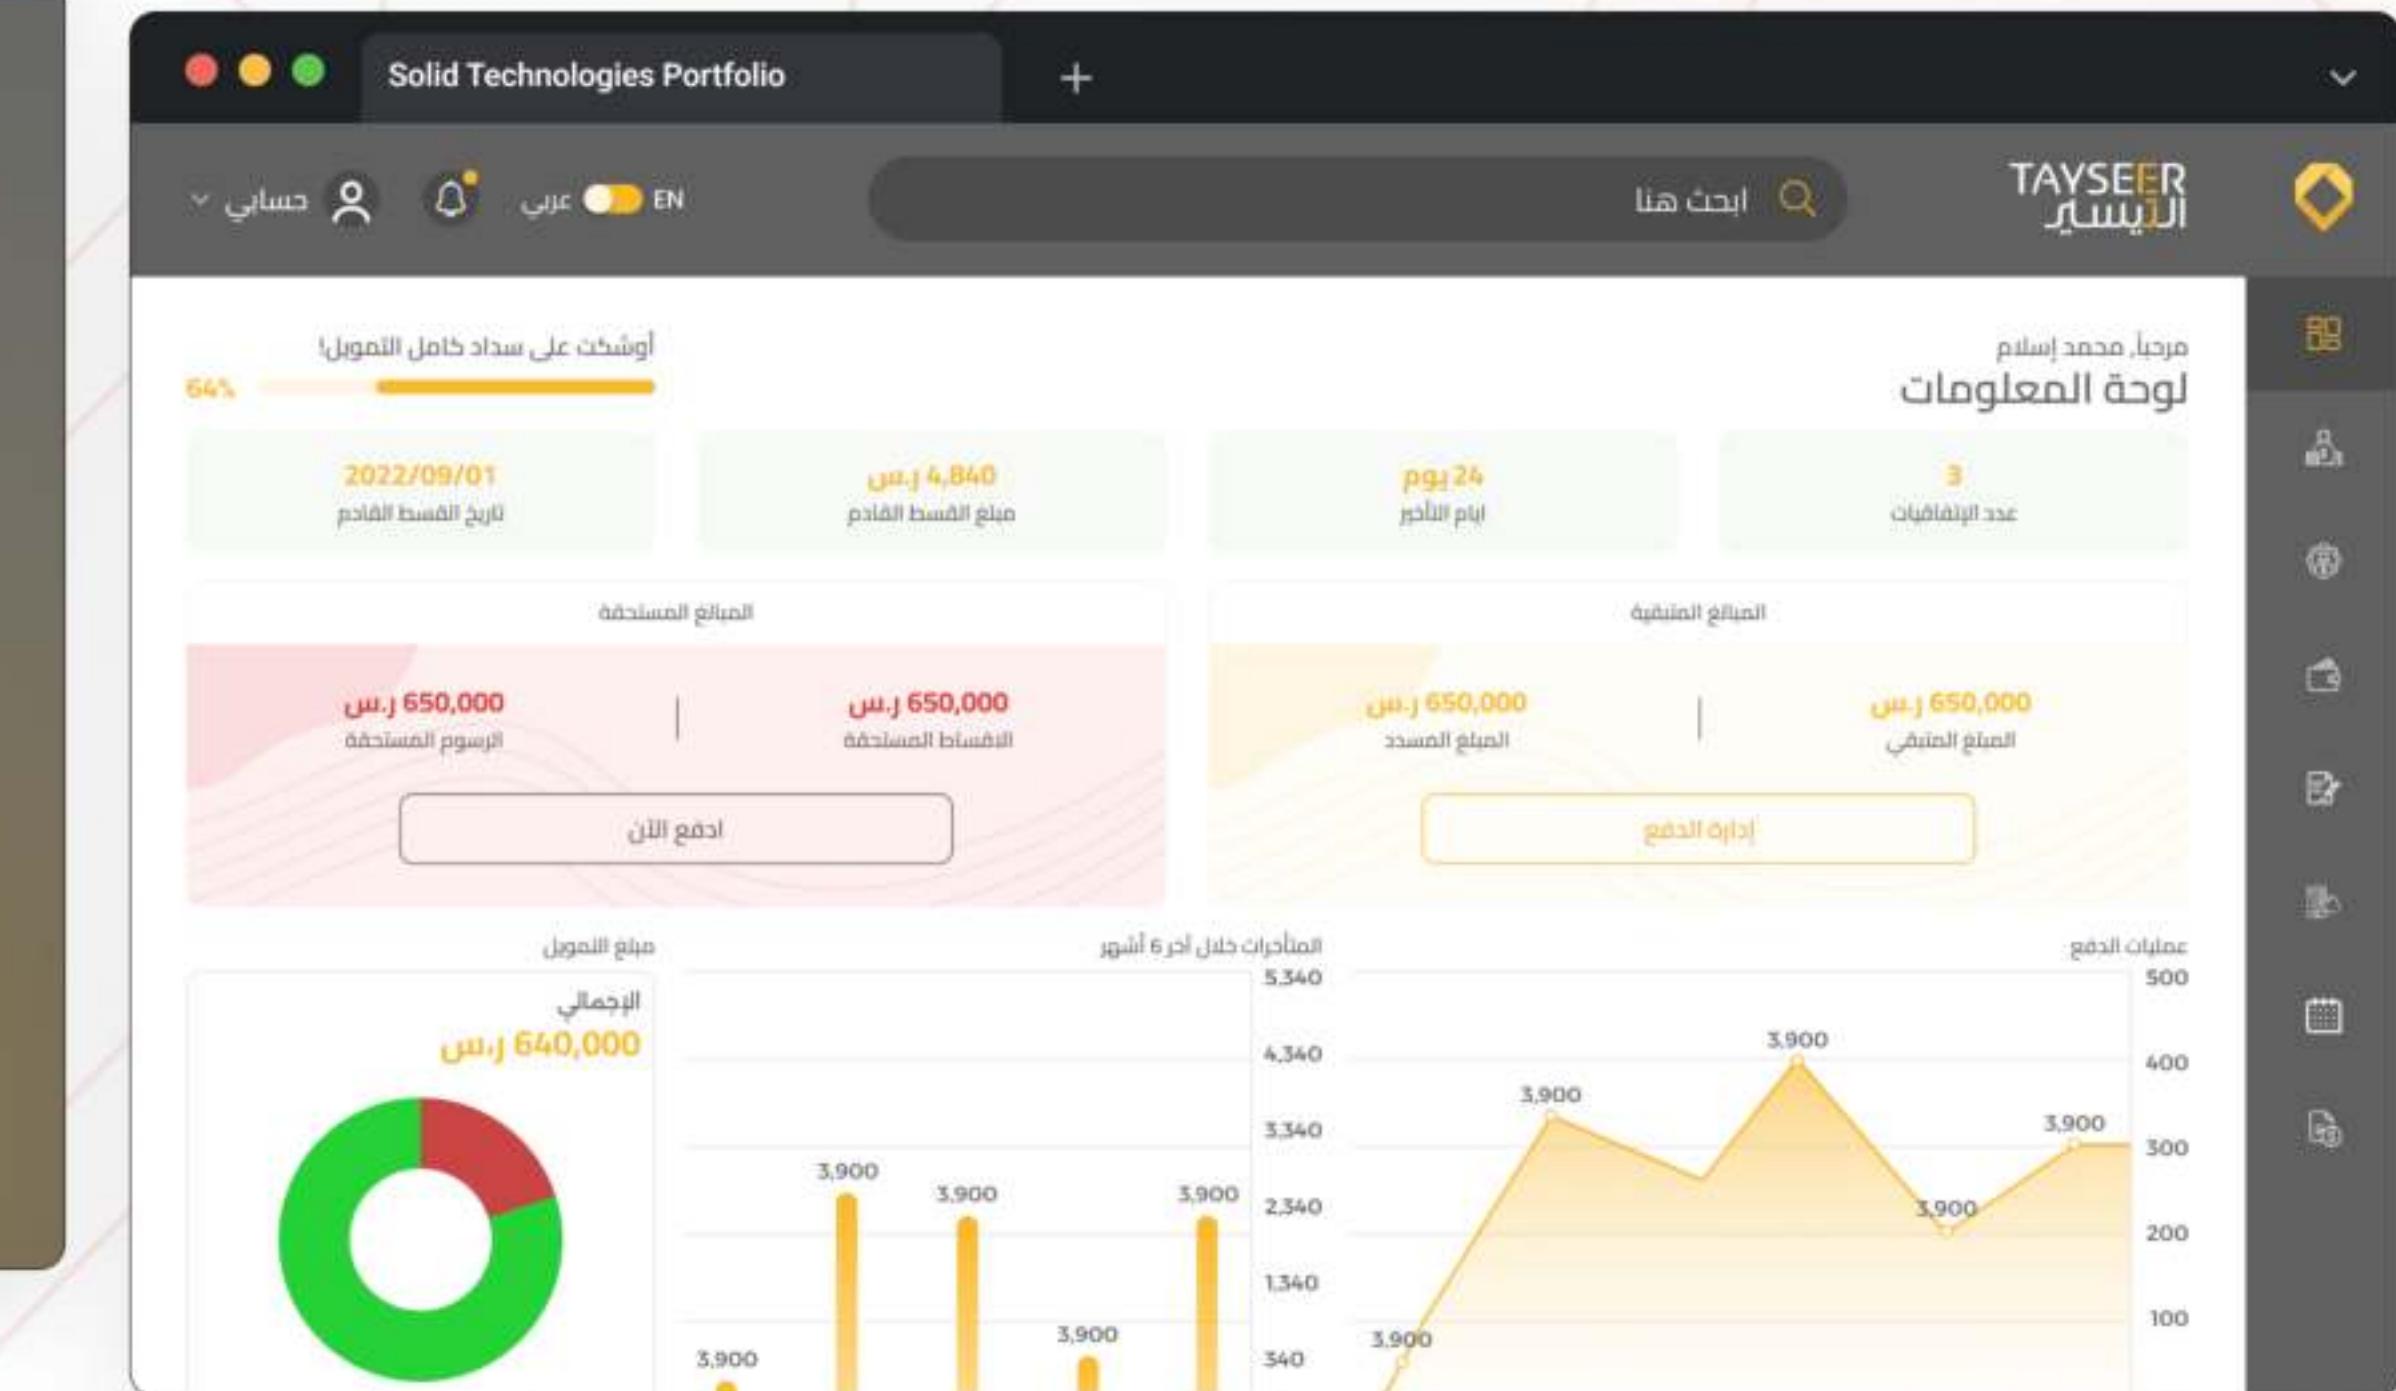

- Language selection for both the app interface and Quranic text.
- Display of Tajweed rules linked to the selected language and reading.
- Audio clips for correct pronunciation of each verse.
- Tools for setting and tracking daily reading goals, with reminders.
- Interactive features to correct common recitation errors.
- Options to copy, save, and share Quranic text via social media.
- Detailed user activity reports and reading statistics.

# Al-Tayseer Retail and Corporate Web Apps

## Integrated Web Solutions for Retail and Corporate Clients

The retail web app offers features such as secure account management, loan applications, and financial planning tools. The corporate web app provides advanced functionalities for businesses, including bulk financial transactions, comprehensive account management, and detailed financial reporting. Both platforms are designed to enhance user experience and streamline financial operations, ensuring efficient and secure financial management for Al-Tayseer's diverse clients.

# AI-Tayseer App

A Comprehensive Solution for Customers to Handle Their Finances with Ease"

This Finance Management App is designed to empower customers with complete control over their financial applications. With an intuitive interface and robust features, users can effortlessly manage their finances, track expenses, and make informed financial decisions. The app provides real-time updates, secure transactions, and personalized insights to help customers achieve their financial goals.

# AI-Tayseer Website

## Comprehensive Financial Services Online

Solid Technologies developed the AI-Tayseer Public Website to offer detailed information about AI-Tayseer's financial services and products. The website features user-friendly navigation, secure online applications for financial products, and up-to-date information on loan options and financial planning. Designed to serve both individuals and businesses.

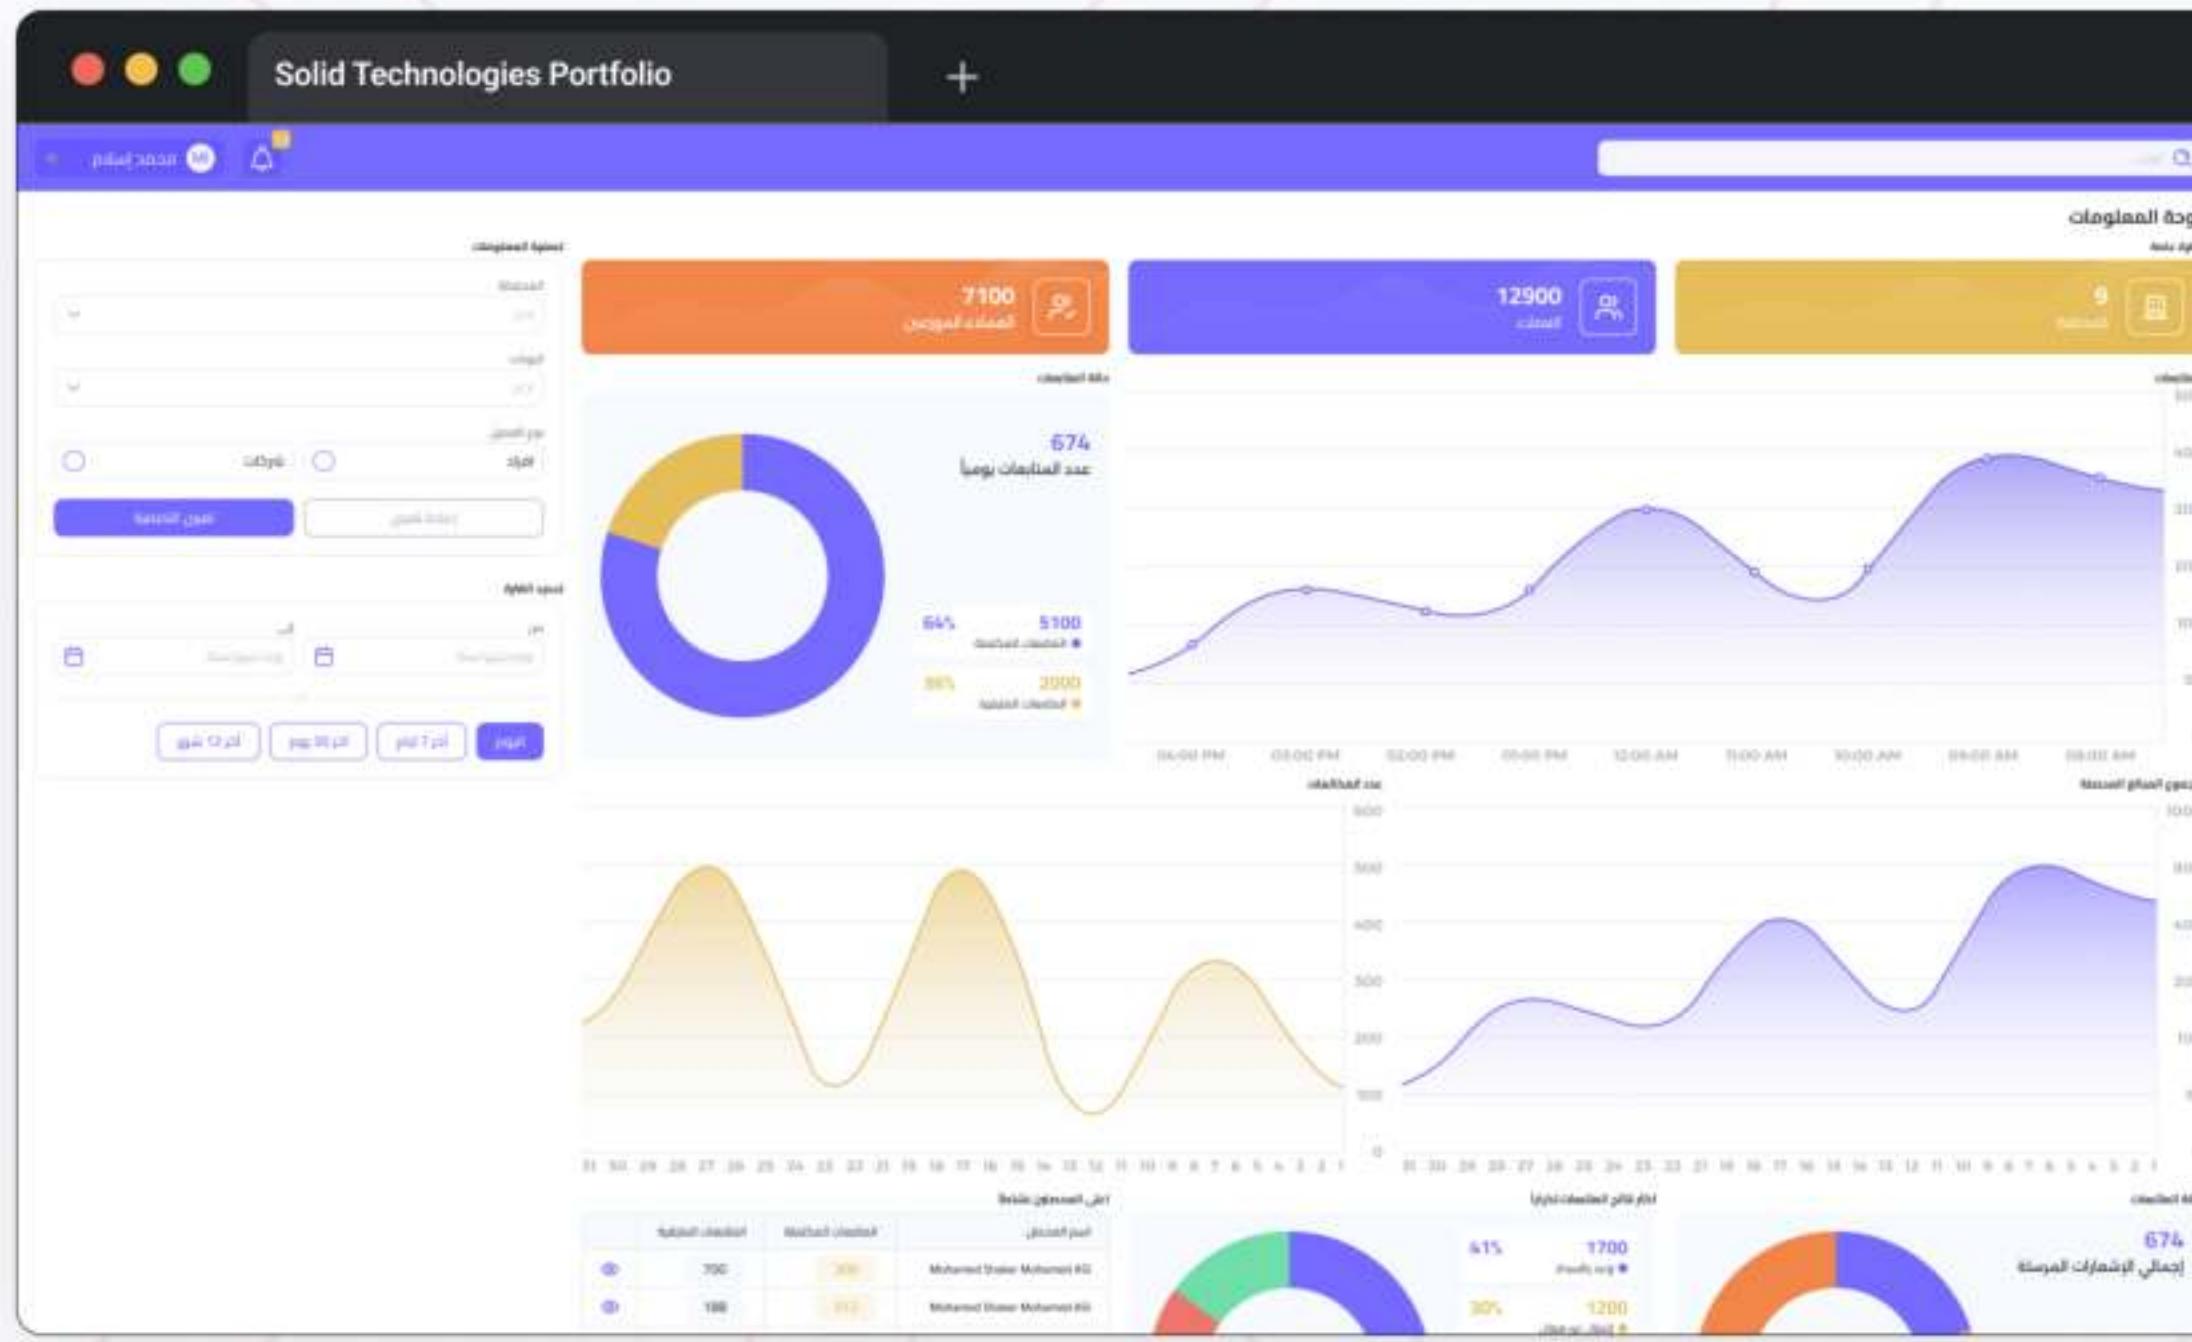

The screenshot shows the Al-Tayseer website's main landing page. At the top, there's a dark header bar with the Solid Technologies Portfolio logo and social media links. Below it, a navigation bar includes Arabic and English language switches, along with links for ' تسجيل الدخول' (Login), 'أسعار المنتجات التمويلية' (Loan Product Prices), ' شركاؤنا المعتمدين' (Approved Partners), ' الوصول إلينا' (Contact Us), and 'Business Analysis', 'UX/UI Design', 'Frontend Development', 'Backend' buttons. The main content area features a large yellow banner with the text 'نمول خطط توسيع منشأتك' (We finance your expansion plans) and 'مع التيسير للتمويل إستمتع بوقتك ودع التمويل علينا' (With Tayseer Finance, enjoy your time and let us handle the financing). It also includes a sub-section about car financing with the text 'هل تحتاج إلى تمويل نفدي للتلبى احتياجاتك وتحقيق أحلامك؟ احصل على تمويل كاش سريع من التيسير لتفطير متطلباتك المالية الفورية. نقدم قروض شخصية لمجموعة متنوعة' (Do you need financing to meet your needs and achieve your dreams? Get fast cash loans from Tayseer to clear your immediate financial requirements. We offer personal loans for a wide range of needs). A large yellow button at the bottom right says 'قدم إهتمامك' (Offer your application).

This screenshot shows another part of the Al-Tayseer website's homepage. It features a large yellow banner with the text 'مستقبل تمويل السيارات هو الآن!' (The future of car financing is now!) and 'مع التيسير للتمويل إستمتع بوقتك ودع التمويل علينا' (With Tayseer Finance, enjoy your time and let us handle the financing). It includes a sub-section about business financing with the text 'هل تحتاج إلى تمويل نفدي للتلبى احتياجاتك وتحقيق أحلامك؟ احصل على تمويل كاش سريع من التيسير لتفطير متطلباتك المالية الفورية. نقدم قروض شخصية لمجموعة متنوعة' (Do you need financing to meet your needs and achieve your dreams? Get fast cash loans from Tayseer to clear your immediate financial requirements. We offer personal loans for a wide range of needs). A large yellow button at the bottom right says 'قدم على طلب تمويل' (Apply for financing).

# Al-Tayseer Internal Systems

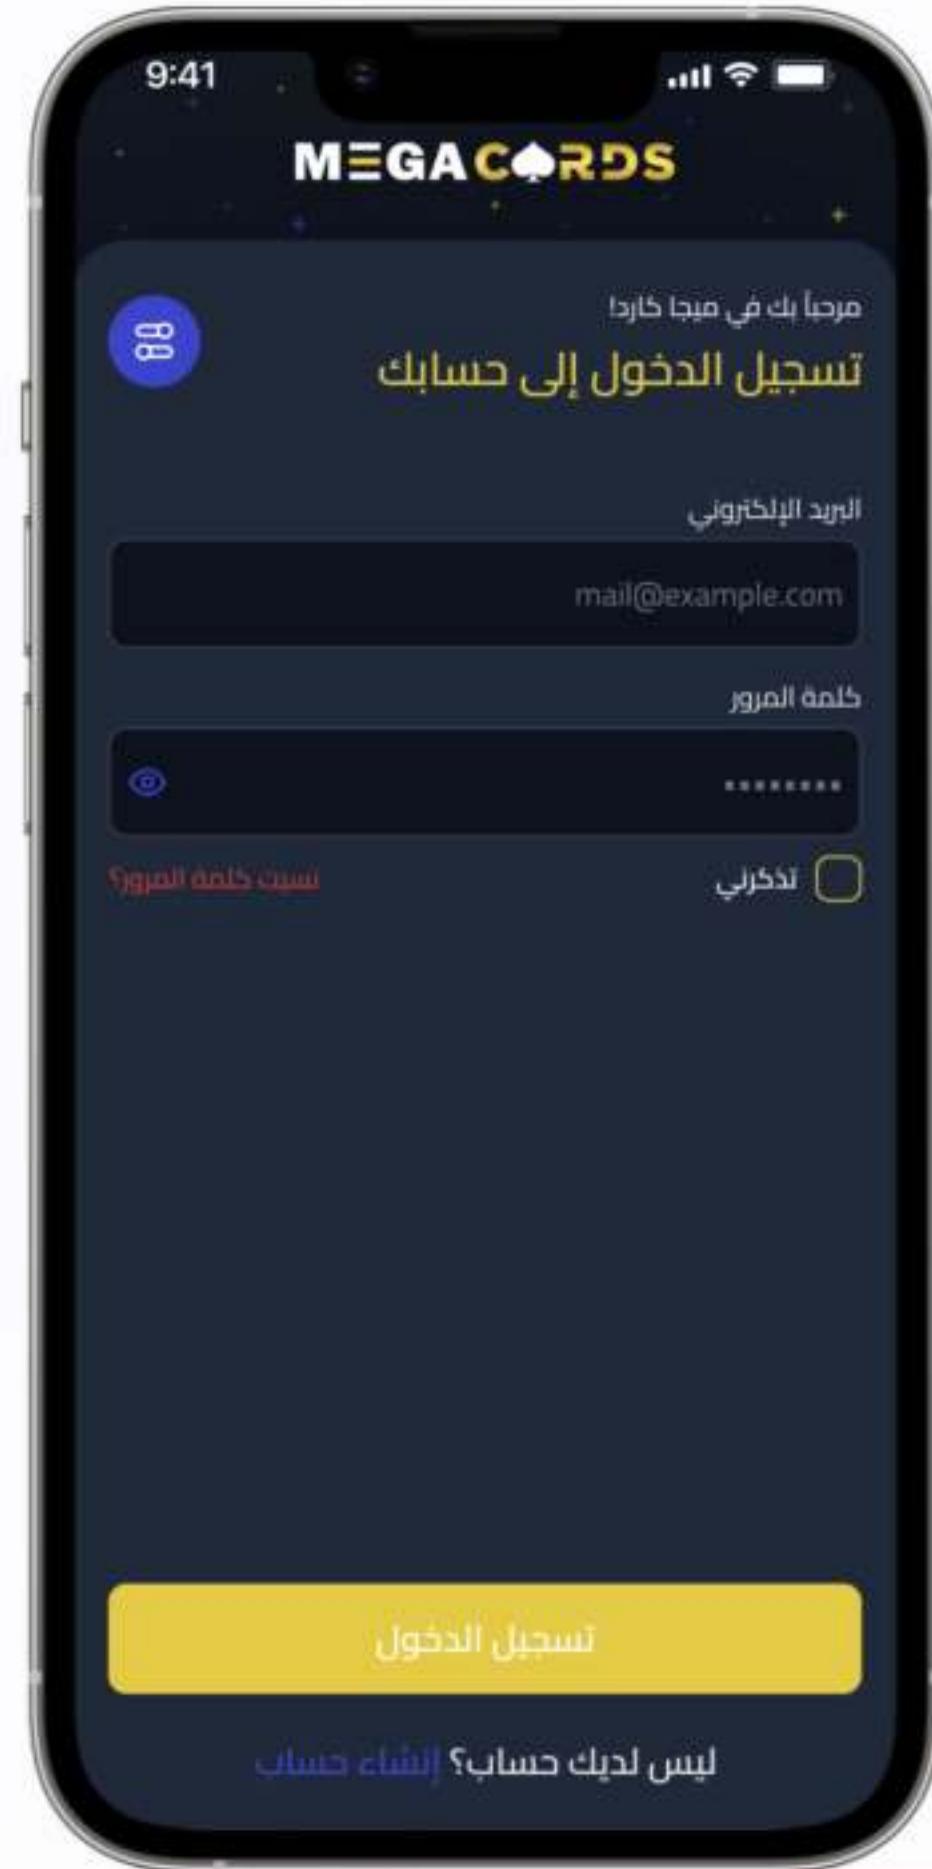

## Streamlining Operations with Comprehensive Internal Systems

Solid Technologies developed a suite of internal systems for Al-Tayseer, enhancing various operational aspects of the company. These systems include a legal management system, debt collection system, customer care and management systems, and credit risk analysis tools. Each system is designed to improve efficiency, ensure compliance, and provide superior service to Al-Tayseer's clients. Our tailored solutions support the company in managing its internal processes effectively and securely, contributing to overall business success.

A detailed view of a transaction or case record:

Case ID	Customer Name	Transaction Date	Amount	Status

# Chattla

## Revolutionizing Agriculture E-commerce in Egypt™

Solid Technologies partnered with Chattla, an Egyptian startup specializing in agriculture e-commerce, to develop a cutting-edge platform that connects farmers and buyers. Our work involved designing and implementing a user-friendly interface, secure transaction systems, and features that streamline the buying and selling process within the agricultural sector. The result is a robust e-commerce solution that supports the growth and efficiency of the agricultural market in Egypt.

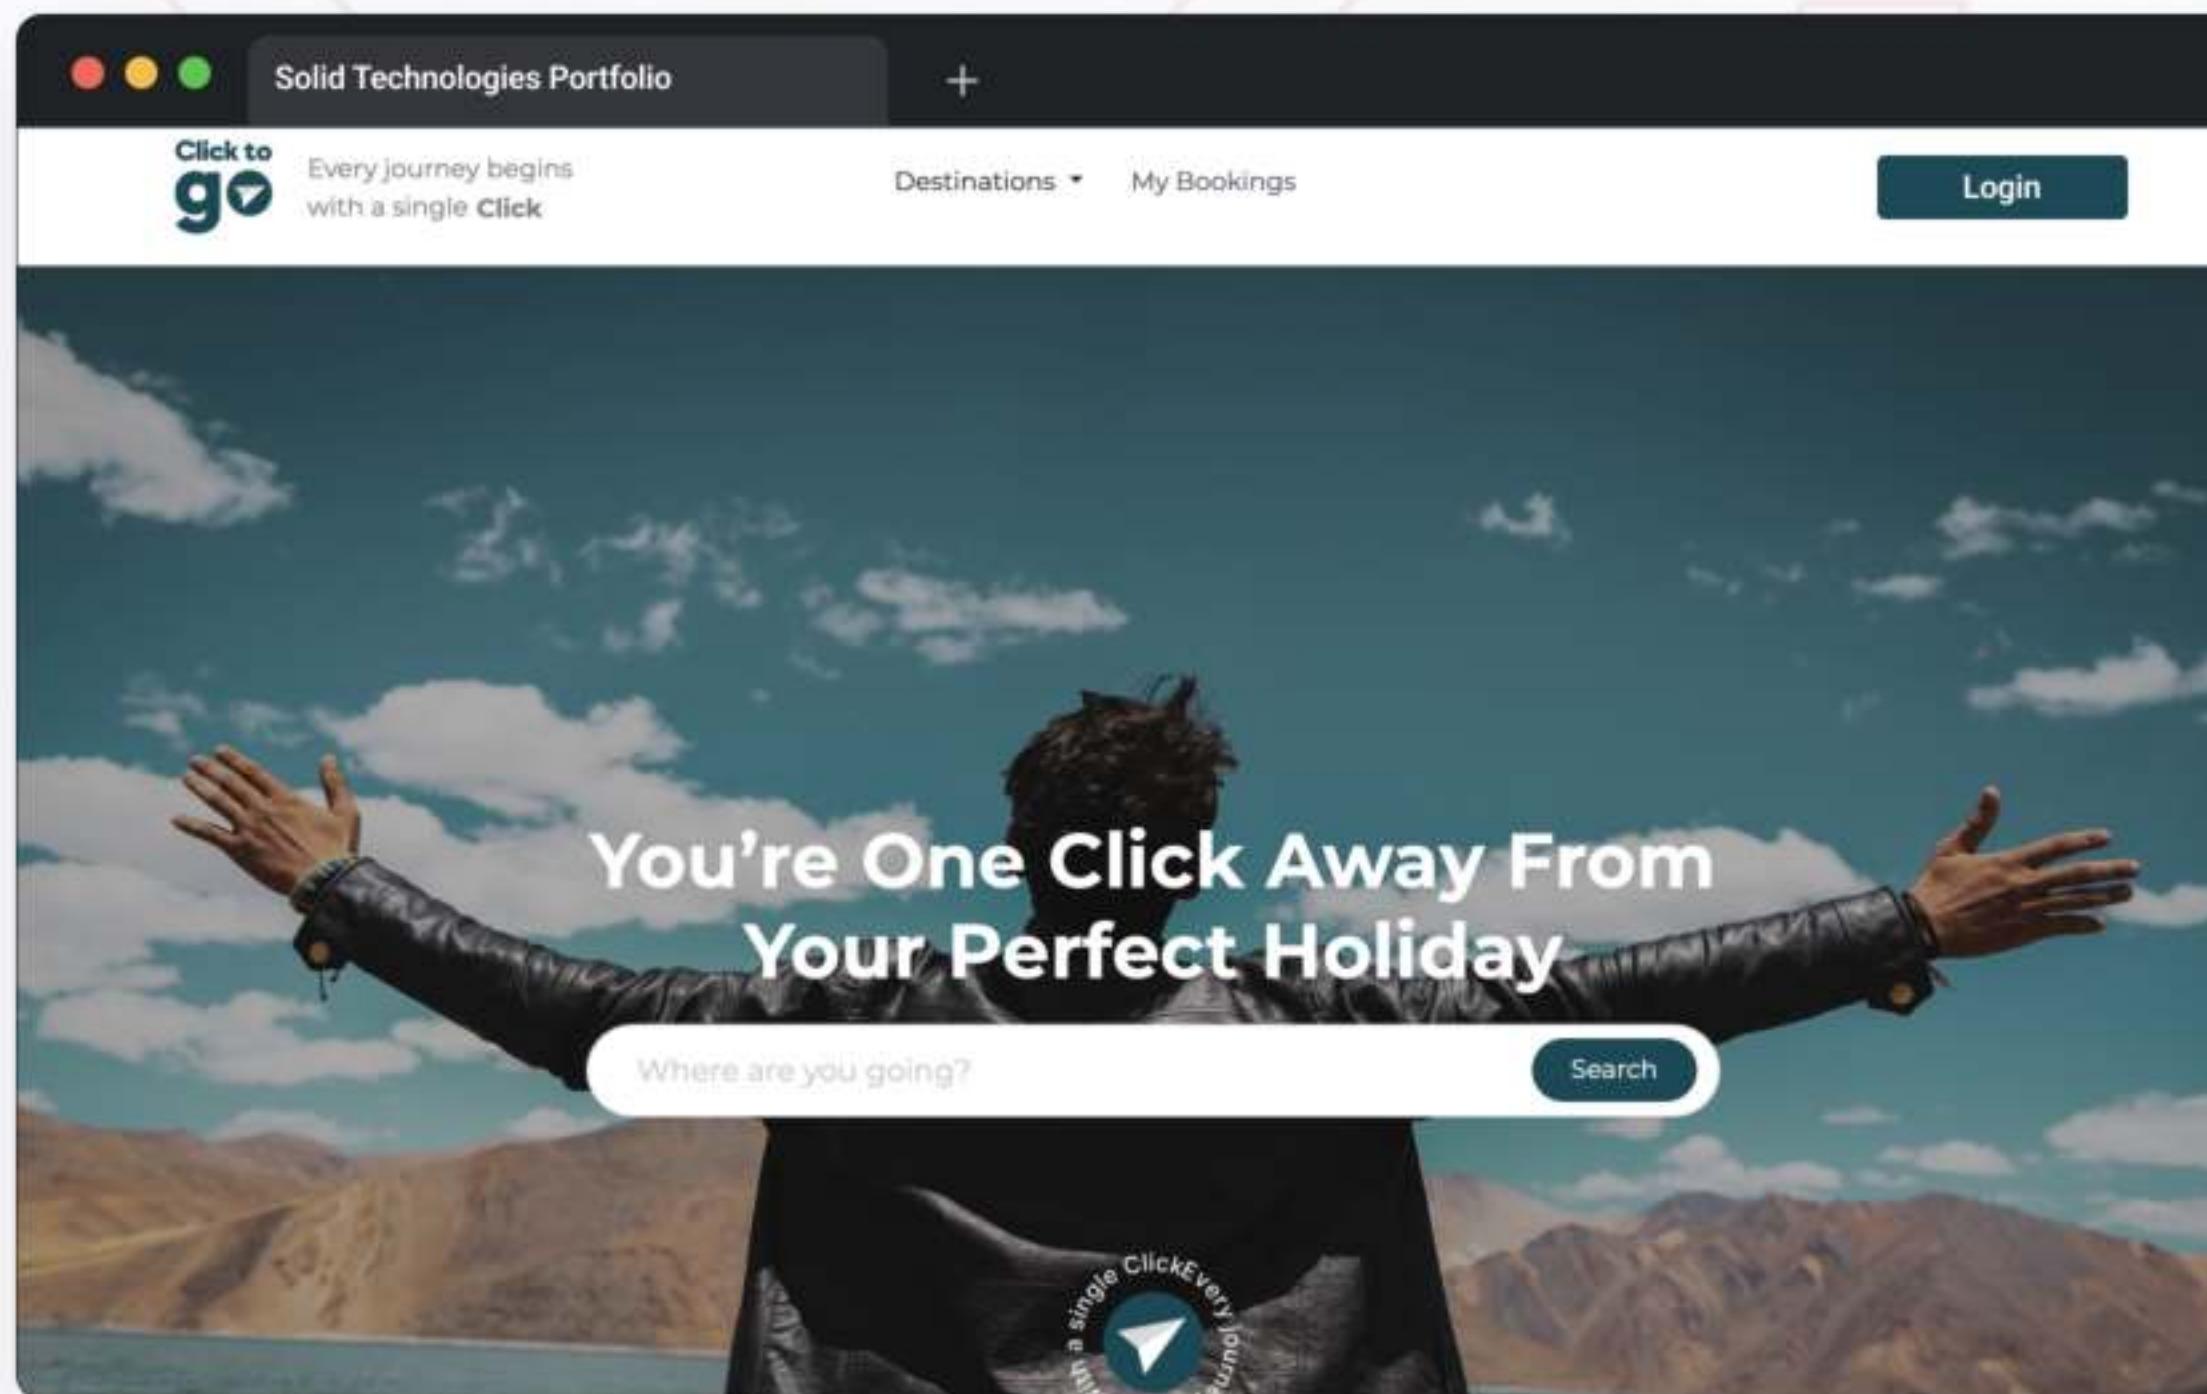

# Click2Go

## One Click Away from Your Perfect Holiday

Solid Technologies, in collaboration with the Egyptian Ministry of Tourism, developed the Click2Go public website to offer a seamless travel booking experience. The platform features a user-friendly interface for browsing and booking destinations, excursions, and travel packages.

With a focus on convenience and comprehensive travel options.

A screenshot of the Click2Go Featured Excursions page. The header shows the Solid Technologies Portfolio logo and a search bar. Below, there's a section titled "Featured Excursions" with icons for different types of tours. Three specific packages are highlighted: "Dubai And Abu Dhabi for 6 Nights" (United Arab Emirates), "Explore Dubai" (United Arab Emirates), and "Dubai Basic Package" (United Arab Emirates). Each package has a small image, a location pin, and a price range.

# Ideal Protein

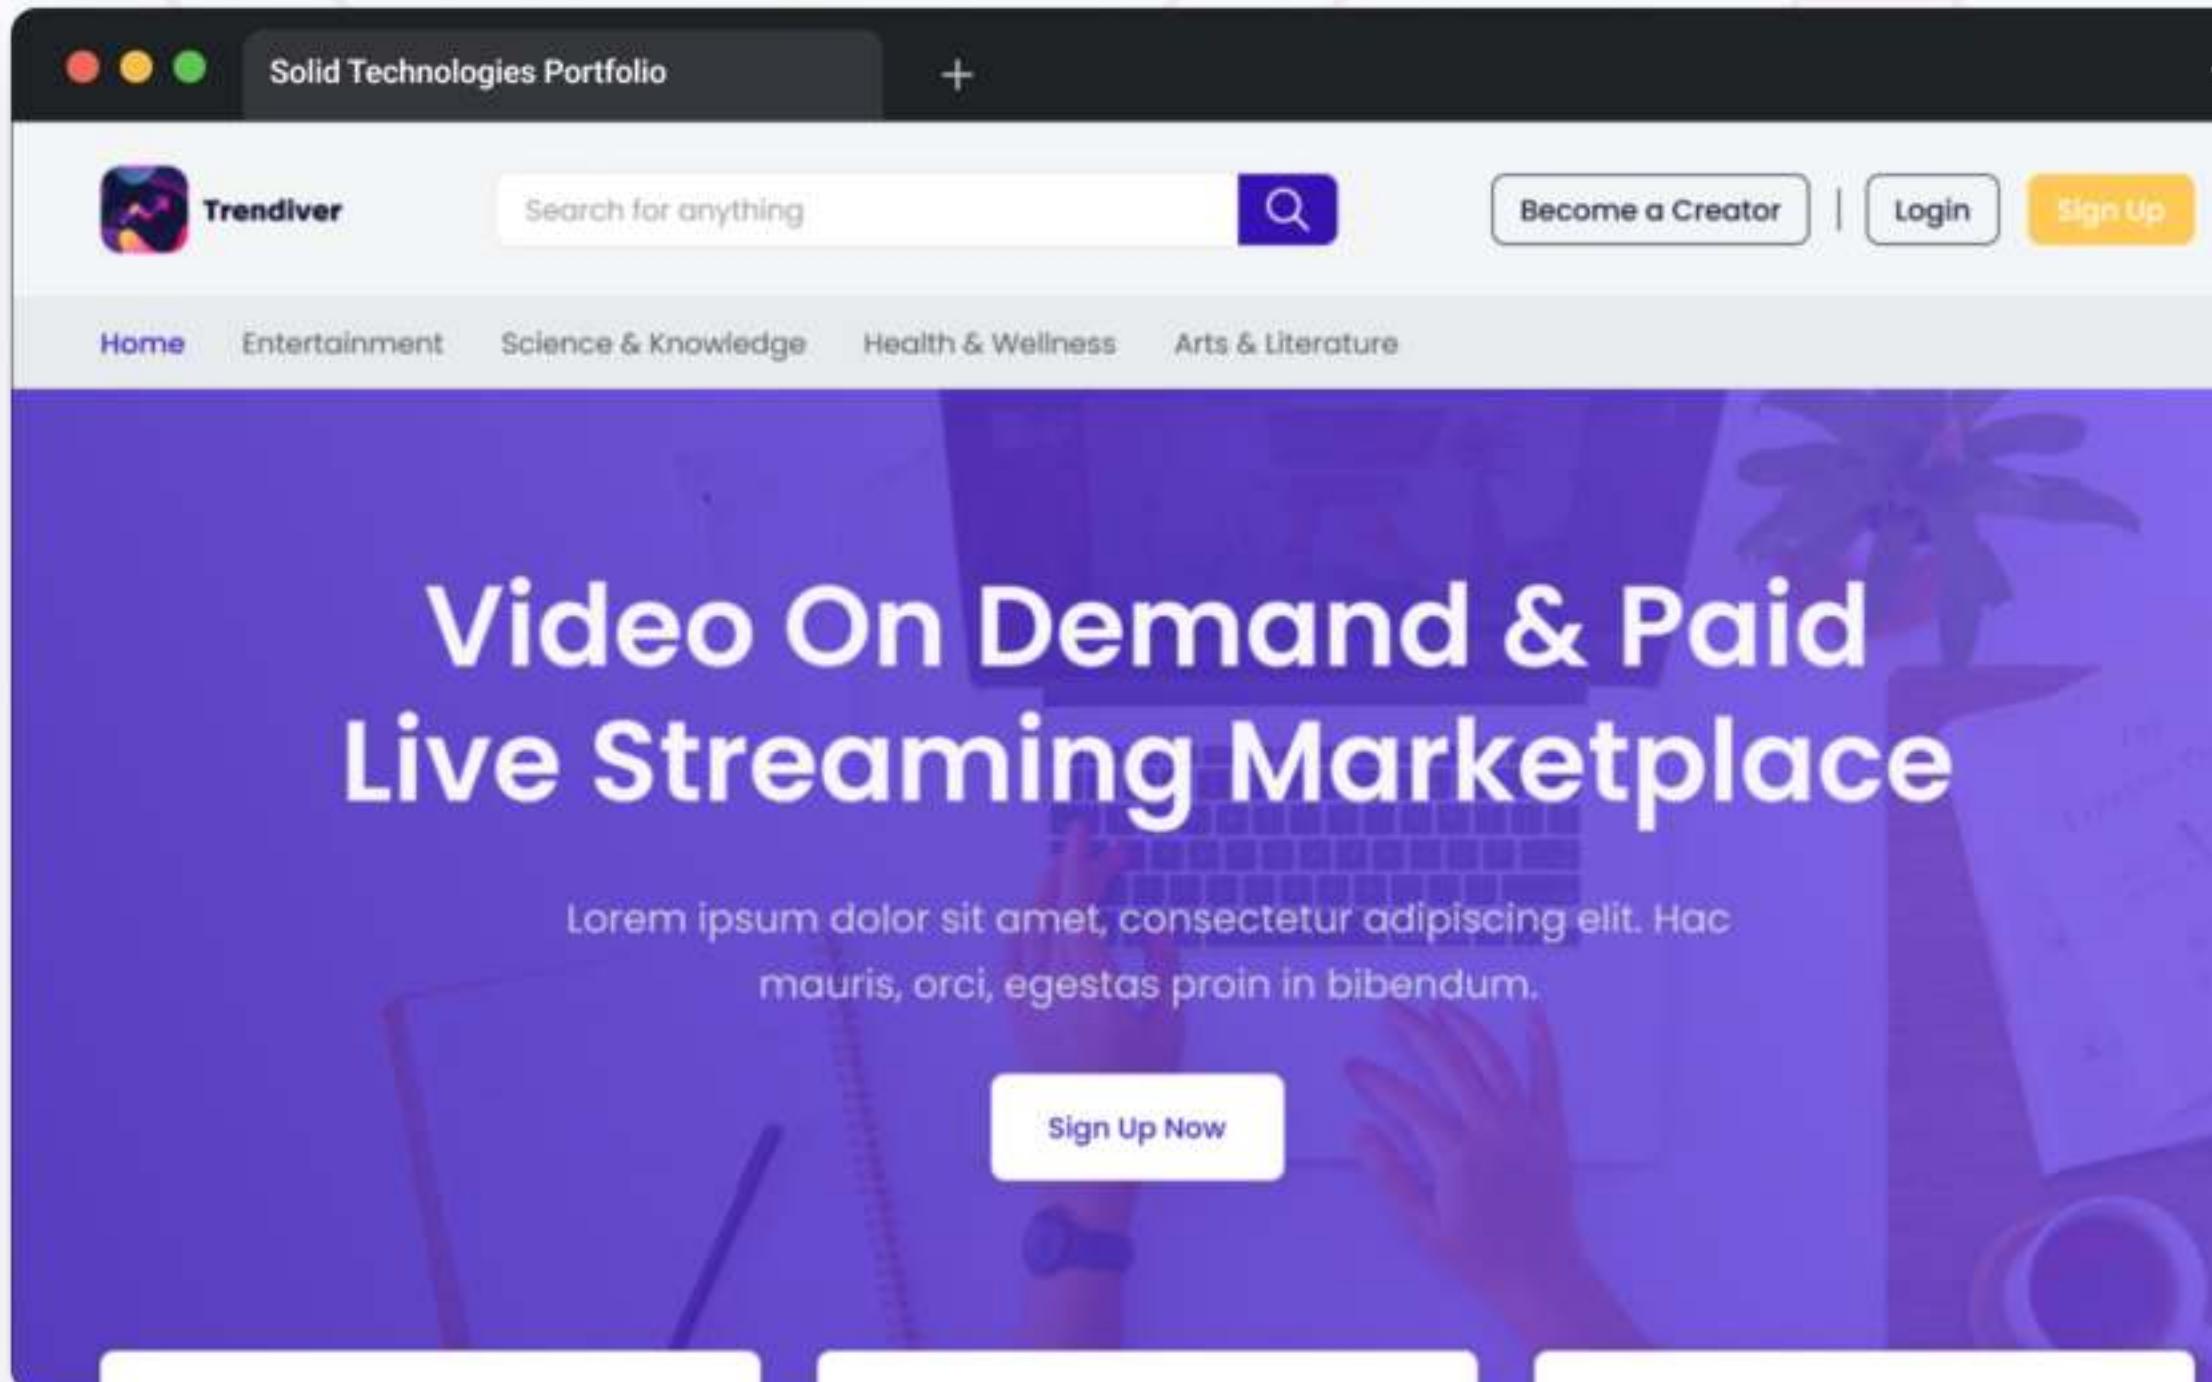

## Your Personalized Weight Loss Companion

Digital pocket companion for the Ideal Protein Protocol. This app is designed to help users achieve their weight loss goals and maintain a healthy lifestyle through three proprietary phases: Weight Loss, Stabilization, and Maintenance.

# Trendiver

## Comprehensive Platform for Video On Demand

This dual-system platform caters to both end-users and content providers. For End-Users, it offers an intuitive interface, a robust catalog of content, and interactive learning experiences. For educators, Trendiver provides user-friendly content creation tools, secure payment processing, and advanced analytics and reporting to manage and optimize their content offerings.

The screenshot shows a section of the Trendiver platform titled "Watch Your Favorite Content". It features a grid of video thumbnails under the heading "Entertainment". Each thumbnail includes the video type (e.g., "Live Streaming", "Webinar", "Recorded"), the title ("Business Analytics"), the creator's name ("Moo Islam"), the rating ("4.5 (8,800)", represented by a yellow star icon), and the price ("EGP 1090"). Below this section, there is another heading "Science & Knowledge" followed by a similar grid of video thumbnails.

Type	Title	Creator	Rating	Price
Live Streaming	Business Analytics	Moo Islam	4.5 (8,800)	EGP 1090
Webinar	Business Analytics	Moo Islam	4.5 (8,800)	EGP 1090
Recorded	Business Analytics	Moo Islam	4.5 (8,800)	EGP 1090
Live Streaming	Business Analytics	Moo Islam	4.5 (8,800)	EGP 1090

# TheBohoMarket e-Commerce

## Empowering Artisans with an Online Marketplace

Provide an online platform for local artisans to sell their products. The website features an easy-to-navigate interface, secure transaction processing, and personalized vendor profiles. It allows artisans to reach a broader audience, offering customers a wide range of unique, handcrafted products. The platform supports seamless shopping experiences and helps promote small businesses within the community.

The screenshot shows the homepage of TheBohoMarket. At the top, there's a navigation bar with three colored dots (red, yellow, green) and the text "Solid Technologies Portfolio". Below the navigation bar, the main header "TheBohoMarket" is displayed in a stylized font. To the right of the header is a "LOGIN" button. The main content area features three calls-to-action: "Feel at Home.", "Connect & Grow.", and "Sell & Find Success.". Each call-to-action is accompanied by a small image: a family outdoors, a group of people at a market, and two women working at a craft table. At the bottom left is a green button labeled "Join Our Family". On the right side of the page, there are three smaller images showing people interacting with products.

The screenshot shows a product listing page for "Candles & Scents". The top navigation bar includes "Solid Technologies Portfolio", the "TheBohoMarket" logo, a search bar with "Search for products", and user icons for "Account". Below the navigation is a "Shop" tab and a "Market" tab, with "Shop" currently selected. A "Best Sellers" section follows, featuring a large "SHOP ALL" button. To the left, a sidebar provides filtering options for "Candles & Scents", including "Blue", "In Stock", and a price range from "\$100 to \$1000". The main content area displays five product cards for different candle scents, each with a "SALE" or "NEW" badge. The products are arranged in a grid format.

# TheBohoMarket Internal Systems

## Efficient Management for Booth Owners and Event Coordinators

streamline operations for booth owners and administrators. The portal includes tools for event creation, vendor registration, and communication. It simplifies the management process, ensuring smooth and organized event execution, providing a comprehensive solution for managing market events efficiently.

The screenshot shows the dashboard of the TheBohoMarket Internal Systems. At the top, it says "Solid Technologies Portfolio". Below that is the "TheBohoMarket" logo. The main area features a "Welcome John!" message and a "Complete your Profile, So you can Submit and Join our Upcoming Events!" call-to-action. There are four progress bars: "About Your Business" at 0%, "Online Presence" at 25%, "Products Categories" at 0%, and "Payment Information" at 100%. A section titled "Check Our Previous Events!" displays two small thumbnail images of past events.

The screenshot shows a promotional page for the "CityLine Night Market". The header includes the "Solid Technologies Portfolio" logo and navigation links for "Dashboard", "Upcoming Events", "Subscription", and "My Account". The main content features a large image of people at a night market, a title "CityLine Night Market", and a subtitle "CityLine and The Boho Market have partnered to bring a new kind of shopping experience to Richardson. Support local makers and vendors". A green "Join Us Now" button is prominently displayed.
